

## HABEEB & ASSOCIATES ARCHITECTS

### *Developing solutions for:*

- New Facility Design
- Aging Facilities and Needed Repairs
- Emergency Repairs & Maintenance Programs
- Inadequate Communication & Safety Systems
- Deficiencies in Space or Classroom Design
- Underutilization of Existing Space
- Non-existent Handicap Accessibility
- Inefficient Energy Conservation Methods
- Lacking Needed Spaces
- Ineffective Repair & Maintenance Schedules
- Unclear Project Priority Levels
- Any of Your Architectural Issues or Concerns

We consider meeting the needs of facility owners to be one of our most important goals. We'll advise you on the most efficient and cost-effective methods to rectify deficiencies, bring your buildings into compliance, and/or create the physical spaces your users need.

At H&A our goal is to help you solve the problems your facilities are facing. Whether those needs be a single facility financial inspection or a complex multi-building construction project and include a renovation, addition, or new structure, our team can assist in any professional capacity required.

## Facility Master Planning

## New Design & Construction

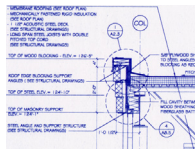

## Safety & Security Solutions

## Renovations and Repairs

## Capital Asset Assessments & Feasibility Studies

## Construction Document Preparation & Administration

## Accessibility & Code Compliance

## Furnishings & Equipment Procurement

## Client Testimonials...a few of many

Based on our brief meeting, your staff was able to develop preliminary floor plans, which with very little modification, were completely suitable to our needs. Because your plans were clear and complete, the permitting process flowed smoothly. In addition, your advice and guidance ultimately may have saved us tens of thousands of dollars as compared with original options we were considering.

Mike Hillcoat, PE

Project Manager

Restoration Preservation Masonry, Inc.

Habeeb & Associates Architects did a capital asset assessment for two church buildings located on our 10 acre campus. Throughout the assessment they were responsive to our needs and communicated with us promptly and clearly. We were very happy with the thoroughness of the report and the professionalism of the staff. We highly recommend their services and would welcome the opportunity to speak to any organization who is considering using their services.

The Reverend Eric Stroshine, Pastor

First Congregational Church of Hanover

United Church of Christ

In the past two years, Tedeschi Food Shops, Inc. has requested architectural services from Habeeb & Associates on more than thirty (30) projects for our Tedeschi Food Shops, L'il Peach or Store 24 locations...Throughout each of these projects, you have always provided us with exceptional service. Deadlines were met, changes were few, and communications were always open and honest. I can trust your work to be accurate, complete, and professional...It continues to be a pleasure to work with you and the H&A staff. I thank you for your excellent work and highly recommend your firm to other potential clients.

David A. Coonan, Jr

Director of Design & Construction

Tedeschi Food Shops, Inc.
